

Personalized Tempered Glass Cutting Boards

Tempered glass cutting boards offer the most sanitary cutting surfaces available and come in a variety of attractive designs and color. We've chosen our favorite designs from the USA's leading manufacturer and added our custom personalization to these beautiful items. These unique gift items have proved very popular with our customers over the last several years. Simply choose your favorite design and custom personalization. *(please note that the manufacturer of these items does not recommend that they be cleaned in a dishwasher)*

8x8" Oak Cutting Boards

We have been offering these cute little 8 x 8" oak cutting boards at the shows we exhibit at across the country for a number of years. They are available with several standard engravings that are very popular with our customers: useful conversions, wine & cheese, marriage recipe, grape border, margarita recipe. While these boards are not personalized, they make useful and attractive additions to the kitchen, bar/rec room, or tailgate. People tell us they use them not only as cutting boards, but also as snack/sandwich trays.

Personalized Gifts
From That's My Pan!

That's My Pan!® personalized gifts came into being more than ten years ago as an outgrowth of our trophy/award business in northern Wisconsin. Our family owned and run company has combined our expertise in custom decorative coatings, precision engraving and volume manufacturing with the artistic ability and craftsmanship of our team. The results have been the creation of the highest quality and most beautiful personalized, engraved gifts you will find anywhere. We invite you to take a closer look at our products and hope you will find something you love for yourself or for a gift. Always remember that your satisfaction is paramount to us - all our products carry our 100% satisfaction guarantee.

Personalized Cake Pans

Our very first personalized gift was a 9x13" cake pan with lid. Over the years, we have grown to offer four different types of 9x13" pans/lids, and have added two types of 9x9" pans and lids. The figure to the right describes the highlights of our different pan lines, but all our lines share the following features:

- All our pans and lids are Made in the USA. We have gone the extra mile to ensure that we maintain American quality and very competitive prices. We wouldn't have it any other way!
- All of our lids are coated with our proprietary, texturized coating in your choice of four great colors. This is not a spray paint like you will find on lesser imitations. This is a thick, rich coating that gives depth to our artwork and naturally hides fingerprints and other blemishes.
- You have your choice of 100 pieces of artwork to have engraved with the name on the lid. That's My Pan!® has the most artwork choices, and our artwork is larger and more beautiful on the lid. The difference is striking!
- The name is also engraved onto the side of the pan - you will never end up with a mismatched pan/lid at your next get-together.

Personalized Klean Kanteen® Bottles

The reusable, lightweight, and risk free stainless steel Klean Kanteen® was introduced in 2004 to encourage better health, hydration, and environmental responsibility.

Better Health: Klean Kanteen® Bottles are made from #304 stainless steel, the material of choice in the food processing, dairy, and brewery industries. Stainless steel is easy to clean, durable, inert, sanitary, toxin-free, and non-leaching.

Hydration: It's vital for life.

Environmental Responsibility: Klean Kanteens® are the stainless steel alternative to plastics. Plastics in landfills and oceans are one of the most alarming of today's environmental concerns. BPA Free! Stainless steel Klean Kanteen® Bottles are 100% free of the Bisphe-nol-A (BPA) contamination found in some plastic bottles.

That's My Pan!® is thrilled to partner with the folks at Klean Kan-teen® to provide you with personalized 27 oz. Kanteens® in 4 great colors. Besides your name, you can also choose from a number of artwork options (shown below) to make your Kanteen® as unique as you are.

Personalized Rada Cutlery

Rada Mfg. Co. has been making kitchen knives and utensils in Iowa since 1948. Their knives and utensils are easy to identify because of the unique aluminum handles. Generations of loyal Rada customers know that their knives are the best and sharpest around. Rada uses T420 high carbon stainless steel blades, mounted in solid, permanently cast Aluminum handles. The handles are brushed to give them an attractive satin finish with excellent grip characteristics. That's My Pan!® has teamed with Rada to become the first supplier of personalized Rada cutlery. We use our proprietary engraving technology to monogram your choice of many of Rada's most popular products. The monograms are a beautiful black, permanent mark on the handles of the cutlery. Both Rada and That's My Pan!® share a commitment to and passion for first class products made in America. Let us show you what we have accomplished together! NEW!

Personalized 9x13" Bar Pan with Lid

We are delighted to introduce the new 9x13" bar pan to our family of personalized/engraved bake ware. This heavy gauge Aluminum pan is just over 1 inch deep, giving you the best possible presentation for your bar recipes, fudge, or certain brownie recipes. Customers have been asking for this for years and we are happy to deliver. Even better - the same lid that fits on our 9x13" Traditional pan or the 9x13" Doughmakers® pan will fit this pan! Same 4 great lid color options and 100 design choices. Since the pan side is short, we will engrave your name on the center of the bottom of this pan to make sure you get it back.

(Design options shown on page 4)

Personalized 9x9" Cake Pan with Lid

We added 9x9" pans/lids in 2006 with great success. Some recipes, especially brownie and some coffee cakes, do best in a 9x9" pan. Our 9x9" pans are Made in the USA and come in the Traditional and Doughmakers® options.

(Design options shown on page 4)

Personalized Traditional Pie Pan with Lid

We added an American made, 9" pie pan with lid to our products in late 2006. The pan is a heavy gauge aluminum pan. The high-domed lid snaps onto the pan securely. We use the same textured coating on the pie pan lid as on our cake pans - you have the same artwork and color choices.

(Design options shown on page 4)

Personalized 9x13" Non-stick Lasagna/Casserole Pan with Lid

Ever since we introduced our line of personalized Aluminum baking pans with lids, customers have asked us for a non-stick pan more suitable for lasagnas, hot dishes, and casseroles. We have taken their requests to heart and are delighted to offer our very own non-stick Lasagna pan and lid. This coated, heavy gauge pan combines the superior baking performance of Aluminum, unbelievable non-stick performance, and compatibility with even the most acidic foods. Our exclusive pan is as decorative as it is functional. The attractive charcoal color gives even greater contrast for your name on the side of the pan.

The lid for this pan is coated in a beautiful semi-gloss, smooth finish in your choice of charcoal gray or ruby. The smooth finish on these lids was chosen specifically to be easy on the non-stick pan. After choosing your color and personalization, pick from 100 lid artwork choices. Like all our pans and lids, this too is Made in the USA!

Please use only wood or plastic utensils with pan to avoid scratching the non-stick coating. Only pan is dishwasher safe - hand wash lid.
